About us

Total Beverage planned, built out, created and formed Orange County Brewers powered by Total Beverage of Lake Mary, Florida. We also managed the brewery, bar, restaurant for the first six (6) months of operation before selling to the existing partnership in November 2020. It was an exciting project whereas, the marriage of a high end established brewery and THE brewery concierge service in the brew marketplace.

Craft Brewing Industry Statistics

Stable and Steady: The craft brewing industry continues to grow. The Brewers Association's mid-year survey measured 5 percent growth by volume, and although there have been signs of slightly slower growth in the second half of the year, it is clear that craft beer sales will once again reach a new high in 2018.

Big Impact from Small Breweries: As craft's market share has grown, so has its economic impact, which totals more than \$76 billion. The craft brewing community is responsible for 500,000 jobs, with more than 135,000 of those directly at breweries and brewpubs.

About

Total Beverage planned, built out, created and formed Orange County Brewers **powered by** Total Beverage of Lake Mary, Florida. We also managed the brewery, bar, restaurant for the first six (6) months of operation before selling to the existing partnership in November 2020. It was an exciting project whereas, the marriage of a high end established brewery and THE brewery concierge service in the brew marketplace. Orange County Brewers in Lake Mary, Florida had merged with Total Beverage Management Services of Palm Coast, Florida to create the most exciting brewery experience to be found in Central Florida. Total Beverage's Directors, the creators of the BrewMasters Business Butler Concierge Service TM, have had more of an international flare for the sale, installation, training, and servicing of brewery equipment in Europe, India, and Asia. This joining of expertise, skill and talent has formed the brewery for the real fans of beer. From the casual one beer after dinner fan to the brewery experience aficionados and enthusiasts, this is what you've been waiting for.

Lake Mary OCB was equipped with a full-on site brewery, bar, and restaurant. Almost 4,000 square feet to have lunch, dinner and enjoy the happy hours between 4 pm – 7 pm. We hosted corporate events, private parties, board of directors' meetings and good times both inside and on our patio. Lake Mary OCB was also equipped with huge parking capacity and our hospitality was second to none. We catered to our community's families, business professionals, and students. We attracted local singles and families for lunch and dinner, students who come in to study or have access to high-speed WIFI and business professionals and executives for lunch, dinner, and meetings. We also seemed to be the place to go for local employees after a hard day of work to enjoy freshly brewed beer and food as we cater to the tens of thousands of employees within a mile of the brewery. Our bar had an amazing selection of premium liquors and wines and our restaurant was supervised by our General Manager, who he himself is a chef that has been in hospitality for over 30 years. The original management team was Michael, Sandeep, and Dylan.

What We Do

[Home](#)[Freshly Brewed Beer](#)[Menu](#)[What We Do](#)[The Brewery Process](#)[Gallery](#)[Contact Us](#)

Orange County Brewers together with Total Beverage supported their local community. And we had special arrangements with Uber, Lyft, local taxi, and transportation groups to ensure that you, our customer(s), got home safely after spending time with us. Getting you home to your family, is as important as us getting home to ours. Our goal was to become the safest destination in the Orlando area to come and enjoy and not worry.

Other than being the premier brewery in the Orlando metropolitan area, Lake Mary Orange County Brewers powered by Total Beverage hosted corporate business meetings for breakfast, lunch, and dinner.
